WORK EXPERIENCE

Senior Level 1

Globant India Pvt Ltd

06/2021 - Present

Pune, India

Globant is a digitally native, Argentina-born tech consultancy, celebrated for solutions to clients such as Google, Electronic Arts.

Achievements/Tasks

- Managed and maintained **production-grade Kubernetes clusters** to support scalable, cloud-native workloads.
- Implemented **GitOps workflows using Flux and Kustomize**, ensuring declarative, version-controlled, and automated deployments.
- Designed and provisioned **Azure cloud infrastructure** using **Bicep templates**, enabling reusable, modular IaC with compliance and governance in mind.
- Automated application deployments and updates through **FluxCD**, reducing manual intervention and enabling continuous delivery pipelines.
- Optimized **Kubernetes manifest management** using Kustomize overlays for environment-specific configurations.
- Integrated **Azure services (App Gateway, Key Vault, VNet, Managed Identity)** into platform architecture for secure and compliant deployments.
- Ensured high availability and reliability through proactive monitoring, health checks, and self-healing configurations.
- Developed internal documentation and reusable IaC modules to support platform scalability and knowledge sharing.

Senior Devops Engineer

Infosys Limited

01/2015 - 06/2021

Pune, India

Achievements/Tasks

- Automated Azure DevTest Lab provisioning using Azure Functions for ephemeral environments.
- Deployed ELK stack and Metricbeat for real-time log aggregation and custom dashboards.
- Automated maintenance of Atlassian tools with Groovy scripts for bulk cleanup and archiving.
- Provided DevOps support across Jira, Confluence, Bitbucket, Jenkins, CARA, and Chef.
- Delivered DevOps solutions for global financial clients including UBS, Westpac, and Wells Fargo.

EDUCATION

Bachelor of Engineering (B.E.)

GBTU (Gautam Buddha Technical University), Lucknow

05/2010 - 05/2014

Mathura, Uttar Pradesh
